COVID-19 Screening Tool for Businesses and Organizations (Screening Patrons)

This screening tool provides advice, recommendations and instructions issued by the Office of the Chief Medical Officer of Health in accordance with O. Reg. 364/20: Rules for Areas at Step 3 made under the Reopening Ontario (A Flexible Response to COVID-19) Act, 2020 (ROA).

This screening tool is not to be used as a clinical assessment tool or intended to take the place of medical advice, diagnosis, treatment or legal advice. In the event of any conflict between this document and any applicable legislation, or orders or directives issued by the Minister of Health or the Chief Medical Officer of Health, the legislation, order or directive prevails.

The person responsible for one of the following businesses or organizations that is permitted to open (subject to conditions or restrictions) under Step 3 of O. Reg. 364/20 is required to actively screen all persons, whether or not they have been vaccinated, before they enter the indoor or outdoor premises of the business or organization as specified below:

<table>
<thead>
<tr>
<th>Business or organization</th>
<th>Settings</th>
</tr>
</thead>
<tbody>
<tr>
<td>Casinos, bingo halls and gaming establishments</td>
<td>Indoor</td>
</tr>
<tr>
<td>Driving instruction</td>
<td>Before entering vehicle</td>
</tr>
<tr>
<td>Facilities for sports and recreational fitness activities</td>
<td>Indoor and outdoor</td>
</tr>
<tr>
<td>Personal training</td>
<td>Indoor and outdoor</td>
</tr>
<tr>
<td>In-person teaching and instruction</td>
<td>Indoor and outdoor</td>
</tr>
<tr>
<td>Meeting or event space, conference centres, convention centres</td>
<td>Indoor</td>
</tr>
<tr>
<td>Personal care services relating to the hair or body</td>
<td>Indoor</td>
</tr>
<tr>
<td>Food or drink establishments with dance facilities, including nightclubs and restoclubs</td>
<td>Indoor and outdoor</td>
</tr>
<tr>
<td>Photography studios and services</td>
<td>Indoor</td>
</tr>
<tr>
<td>Restaurants, bars and other food and drink establishments (only dine-in services require screening)</td>
<td>Indoor and outdoor</td>
</tr>
</tbody>
</table>
The questions in this tool have been defined by the Ministry of Health. These questions can be adapted to meet the communication needs of people with learning, developmental or cognitive disabilities.

This screening tool can be completed either in advance online or on-site before the patron enters the business or organization. If the screening is on-site, ensure that screeners receive information and instructions on how to perform this work safely. The person responsible for the business or organization must ensure that screening occurs, and the result of screening is used to determine whether the patron may enter the workplace.

A patron may be asked to re-screen in the same day when entering any of the businesses or organizations listed above.

Anyone who does not pass screening should not be permitted to enter the business or organization and advised that they should self-isolate, ideally at home, and call their health care provider or Telehealth Ontario (1-866-797-0000) to get advice or an assessment, including if they need a COVID-19 test.

Screening is not required for emergency services or other first responders entering a business or organization for emergency purposes.
# Required Screening Questions

1. Are you currently experiencing one or more of the symptoms below that are new or worsening? Symptoms should not be chronic or related to other known causes or conditions.

<table>
<thead>
<tr>
<th>Do you have one or more of the following symptoms?</th>
<th>□ Yes</th>
<th>□ No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fever and/or chills</td>
<td>Temperature of 37.8 degrees Celsius/100 degrees Fahrenheit or higher</td>
<td></td>
</tr>
<tr>
<td>Cough or barking cough (croup)</td>
<td>Not related to asthma, post-infectious reactive airways, COPD, or other known causes or conditions you already have</td>
<td></td>
</tr>
<tr>
<td>Shortness of breath</td>
<td>Not related to asthma or other known causes or conditions you already have</td>
<td></td>
</tr>
<tr>
<td>Decrease or loss of smell or taste</td>
<td>Not related to seasonal allergies, neurological disorders, or other known causes or conditions you already have</td>
<td></td>
</tr>
<tr>
<td>(For adults &gt; 18 years or older) Fatigue, lethargy, malaise and/or myalgias</td>
<td>Unusual tiredness, lack of energy (not related to depression, insomnia, thyroid dysfunction, or other known causes or conditions you already have)</td>
<td></td>
</tr>
<tr>
<td>(For children &lt; 18 years) Nausea, vomiting and/or diarrhea</td>
<td>Not related to irritable bowel syndrome, anxiety, menstrual cramps, or other known causes or conditions you already have</td>
<td></td>
</tr>
</tbody>
</table>

*If you received a COVID-19 vaccination in the last 48 hours and are experiencing mild fatigue that only began after vaccination, select “No.”*
2. In the last 14 days, have you travelled outside of Canada AND been advised to quarantine (as per the federal quarantine requirements)?
   □ Yes □ No

3. Has a doctor, health care provider, or public health unit told you that you should currently be isolating (staying at home)?
   This can be because of an outbreak or contact tracing.
   □ Yes □ No

4. In the last 10 days, have you been identified as a “close contact” of someone who currently has COVID-19?
   If public health has advised you that you do not need to self-isolate (e.g., you are fully immunized or have tested positive for COVID-19 in the last 90 days and since been cleared), select “No.”
   □ Yes □ No

5. In the last 10 days, have you received a COVID Alert exposure notification on your cell phone?
   If you have already gone for a test and got a negative result, select “No.”
   If you are fully immunized or have tested positive for COVID-19 in the last 90 days and since been cleared, select “No.”
   □ Yes □ No

6. In the last 10 days, have you tested positive on a rapid antigen test or a home-based self-testing kit?
   If you have since tested negative on a lab-based PCR test, select “No.”
   □ Yes □ No

---

*A fully immunized individual is defined as any individual >14 days after receiving their second dose of a two-dose COVID-19 vaccine series or their first dose of a one-dose COVID-19 vaccine series (i.e., Johnson and Johnson).*
7. In the last 14 days, has someone in your household (someone you live with) travelled outside of Canada AND been advised to quarantine (as per the federal quarantine requirements) in the last 14 days?

If you are fully immunized or have tested positive for COVID-19 in the last 90 days and since been cleared, select “No.”

☐ Yes  ☐ No

8. In the last 10 days, has someone in your household (someone you live with) been identified as a "close contact" of someone who currently has COVID-19 AND advised by a doctor, healthcare provider or public health unit to self-isolate in the last 10 days?

If you are fully immunized or have tested positive for COVID-19 in the last 90 days and since been cleared, select “No.”

☐ Yes  ☐ No

9. Is anyone you live with currently experiencing any new COVID-19 symptoms and/or waiting for test results after experiencing symptoms?

If the individual experiencing symptoms received a COVID-19 vaccination in the last 48 hours and is experiencing mild fatigue, muscle aches, and/or joint pain that only began after vaccination, select “No.”

If you are fully vaccinated or have tested positive for COVID-19 in the last 90 days and since been cleared, select “No.”

☐ Yes  ☐ No

Results of Screening Questions:

- If the patron answered **NO to all questions from 1 through 9**, they can enter the business or organization. In the business or organization, the patron must continue to follow all public health measures, including masking, maintaining physical distance and hand hygiene, where applicable.

- If the patron answered **YES to any questions from 1 through 9**, they should not be permitted to enter the business or organization (including any outdoor or partially outdoor business or facility). They should be advised to go home to self-isolate immediately and contact their health care provider or Telehealth Ontario (1-866-797-0000) to get advice or an assessment, including if they need a COVID-19 test.

- If the patron answered **YES to question 9**, they must be advised to stay home, along with the rest of the household, until the sick individual gets a negative COVID-19 test result, is cleared by their local public health unit, or is diagnosed with another illness.
• If any of the answers to these screening questions change during the day, this screening result is no longer valid and the patron may need to screen again, wherever necessary.

• Any record created as part of patron screening may only be disclosed as required by law.

**Note:**

For more information on federal requirements for travellers, including for unvaccinated children less than 12 years of age and quarantine exemptions, please see the Government of Canada’s website.
