

Office of the Chief Medical Officer of Health

COVID-19 Screening Tool for Businesses and Organizations (Screening Patrons)

Version 9 – October 25, 2021

This screening tool provides advice, recommendations and instructions issued by the Office of the Chief Medical Officer of Health in accordance with [O. Reg. 364/20: Rules for Areas at Step 3](#) made under the [Reopening Ontario \(A Flexible Response to COVID-19\) Act, 2020](#) (ROA).

This screening tool is not to be used as a clinical assessment tool or intended to take the place of medical advice, diagnosis, treatment or legal advice. In the event of any conflict between this document and any applicable legislation, or orders or directives issued by the Minister of Health or the Chief Medical Officer of Health, the legislation, order or directive prevails.

Anyone who is sick or has any symptoms of illness, including those not listed in this screening tool, should stay home and seek assessment from their health care provider if needed.

The person responsible for one of the following businesses or organizations that is permitted to open (subject to conditions or restrictions) under Step 3 of O. Reg. 364/20 is required to **actively screen all persons, whether or not they have been vaccinated**, before they enter the indoor or outdoor premises of the business or organization as specified below. Individuals who have provided proof of vaccination are still subject to the patron screening requirements as set out under O. Reg. 364/20.

Business or organization	Settings
Casinos, bingo halls and gaming establishments	Indoor
Driving instruction	Before entering vehicle
Facilities for sports and recreational fitness activities	Indoor and outdoor
Personal training	Indoor and outdoor
In-person teaching and instruction	Indoor and outdoor
Meeting or event space, conference centres, convention centres	Indoor
Personal care services relating to the hair or body	Indoor

Business or organization	Settings
Food or drink establishments with dance facilities, including nightclubs and restoclubs	Indoor and outdoor
Photography studios and services	Indoor
Restaurants, bars and other food and drink establishments (only dine-in services require screening)	Indoor and outdoor
Retail (only test drives of any vehicles, boats or watercraft require screening)	Before participating in the test drive
Sex clubs and bathhouses	Indoor
Strip Clubs	Indoor

The questions in this tool have been defined by the Ministry of Health. These questions can be adapted to meet the communication needs of people with learning, developmental or cognitive disabilities.

This screening tool can be completed either in advance [online](#) or on-site before the patron enters the business or organization. If the screening is on-site, ensure that screeners receive information and instructions on how to perform this work safely. The person responsible for the business or organization must ensure that screening occurs, and the result of screening is used to determine whether the patron may enter the workplace.

A patron may be asked to re-screen in the same day when entering any of the businesses or organizations listed above.

Anyone who does not pass screening should not be permitted to enter the business or organization and advised that they should self-isolate, ideally at home, and call their health care provider or Telehealth Ontario ([1-866-797-0000](tel:1-866-797-0000)) to get advice or an assessment, including if they need a COVID-19 test.

Screening is not required for emergency services or other first responders entering a business or organization for emergency purposes.

Required Screening Questions

1. Do any of the following apply to you?

- I am fully vaccinated* against COVID-19 (it has been 14 days or more since your final dose of either a two-dose or a one-dose vaccine series)
- I have tested positive for COVID-19 in the last 90 days (and since been cleared cleared by the local public health unit)

If Yes, skip questions 7-10.

Personal health information is not collected when you complete this screening tool. The purpose of this question is to provide accurate isolation instructions which are based on vaccination status.

2. Are you currently experiencing one or more of the symptoms below that are new or worsening? Symptoms should not be chronic or related to other known causes or conditions.

The symptoms listed here are the symptoms most commonly associated with COVID-19. If you have these symptoms, you should isolate and seek testing.

Please note that rapid antigen testing is not to be used for those with symptoms of COVID-19 or for contacts of known COVID-19 cases.

* A person is fully vaccinated against COVID-19 if,

(a) they have received,

(i) the full series of a COVID-19 vaccine authorized by Health Canada, or any combination of such vaccines,

(ii) one or two doses of a COVID-19 vaccine not authorized by Health Canada, followed by one dose of a COVID-19 mRNA vaccine authorized by Health Canada, or

(iii) three doses of a COVID-19 vaccine not authorized by Health Canada; and

(b) they received their final dose of the COVID-19 vaccine at least 14 days before seeking access to the premises.

Do you have one or more of the following symptoms?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Fever and/or chills	Temperature of 37.8 degrees Celsius/100 degrees Fahrenheit or higher
Cough or barking cough (croup)	Not related to asthma, post-infectious reactive airways, COPD, or other known causes or conditions you already have
Shortness of breath	Not related to asthma or other known causes or conditions you already have
Decrease or loss of smell or taste	Not related to seasonal allergies, neurological disorders, or other known causes or conditions you already have
(For adults > 18 years or older) Fatigue, lethargy, malaise and/or muscle aches/joint pain	Unusual tiredness, lack of energy (not related to depression, insomnia, thyroid dysfunction, or other known causes or conditions you already have) <i>If you received a COVID-19 vaccination in the last 48 hours and are only experiencing mild fatigue, muscle aches, and/or joint pain that only began after vaccination, select "No."</i>
(For children < 18 years) Nausea, vomiting and/or diarrhea	Not related to irritable bowel syndrome, anxiety, menstrual cramps, or other known causes or conditions you already have

3. In the last 14 days, have you travelled outside of Canada AND been advised to quarantine (as per the federal quarantine requirements)?

Yes

No

4. Has a doctor, health care provider, or public health unit told you that you should currently be isolating (staying at home)?

This can be because of an outbreak or contact tracing.

Yes

No

5. In the last 10 days, have you been identified as a "close contact" of someone who currently has COVID-19?

If public health has advised you that you do not need to self-isolate, select "No."

Yes

No

6. In the last 10 days, have you tested positive on a rapid antigen test or a home-based self-testing kit?

If you have since tested negative on a lab-based PCR test, select "No."

Yes

No

7. In the last 10 days, have you received a COVID Alert exposure notification on your cell phone?

If you have since tested negative on a lab-based PCR test, select "No."

Yes

No

8. In the last 14 days, has someone in your household (someone you live with) travelled outside of Canada AND been advised to quarantine (as per the federal quarantine requirements)?

Yes

No

9. In the last 10 days, has someone in your household (someone you live with) been identified as a "close contact" of someone who currently has COVID-19 AND advised by a doctor, healthcare provider or public health unit to self-isolate?

Yes

No

10. Is anyone you live with currently experiencing any new COVID-19 symptoms and/or waiting for test results after experiencing symptoms?

Children (<18 years old): fever and/or chills; cough or barking cough; shortness of breath; decrease or loss of taste or smell; nausea, vomiting and/or diarrhea

Adults: (≥ 18 years old): fever and/or chills; cough or barking cough; shortness of breath; decrease or loss of taste or smell; tiredness; muscle aches.

If the individual experiencing symptoms received a COVID-19 vaccination in the last 48 hours and is only experiencing mild fatigue, muscle aches, and/or joint pain that only began after vaccination, select "No."

Yes

No

Results of Screening Questions:

- If the patron answered **NO to all questions from 2 through 10**, they can enter the business or organization. In the business or organization, the patron must continue to follow all public health measures, including masking, maintaining physical distance and hand hygiene, where applicable.
- If the patron answered **YES to any questions from 2 through 10**, they should not be permitted to enter the business or organization (including any outdoor or partially outdoor business or facility). They should be advised to go home to self-isolate immediately and contact their health care provider or Telehealth Ontario ([1-866-797-0000](tel:1-866-797-0000)) to get advice or an assessment, including if they need a COVID-19 test.
- If the patron answered **YES to question 10**, they must be advised to stay home, along with the rest of the household, until the sick individual gets a negative COVID-19 result on a valid PCR test (e.g., lab-based PCR or a rapid molecular test, such as ID Now), is cleared by their local public health unit, or is diagnosed with another illness. Rapid antigen testing cannot not to be used test those with symptoms of COVID-19 or for contacts of known COVID-19 cases.
- If any of the answers to these screening questions change during the day, this screening result is no longer valid and the patron may need to screen again, wherever necessary.
- Any record created as part of patron screening may only be disclosed as required by law.

Note:

For more information on federal requirements for travellers, including for unvaccinated children less than 12 years of age and quarantine exemptions, please see the Government of Canada's [website](#).
